

**Virginia Department of Social Services (VDSS)
Neighborhood Assistance Program (NAP)
Application - Frequently Asked Questions
July 1, 2026 – June 30, 2027**

Q: What are the qualifications for the Virginia Department of Social Services (VDSS) Neighborhood Assistance Program (NAP)?

A: A list of the eligibility criteria is located on the VDSS web page. Click on the link <https://www.dss.virginia.gov/community/nap.cgi>. The information is located under the Announcements heading located on the right-hand side of the page.

Q: Is NAP administered by the Department of Education (DOE) part of the same tax credit program?

A: Yes. NAP administered by DOE is part of the same tax credit program. The available funding amount is listed in §§ [58.1-439.20](#) and [58.1-439.20:1](#) of the Code of Virginia.

Q: Can our organization apply for tax credits with VDSS and DOE?

A: No. An organization may only submit one application for NAP tax credits depending on the primary types of programs offered. An application will NOT be accepted by both Departments.

Q: Should our organization apply for NAP tax credits to VDSS or to DOE? Our organization offers scholastic assistance as well as other programs.

A: It may be advantageous to an organization that has an **education program** to apply for NAP tax credits through DOE. The DOE currently has \$12 million in tax credits available each fiscal year. Send an email to tax.credits@doe.virginia.gov to get more information about education tax credits.

The VDSS has \$8 million in tax credits available each fiscal year. The Department allocated the entire \$8 million in tax credits to 297 organizations for the fiscal year that began July 1, 2025.

Q: Our organization plans to submit an application for NAP tax credits to the DOE. What do we need to do?

A: Send an email to tax.credits@doe.virginia.gov to request an application. Do not use the VDSS NAP application or the VDSS database. The DOE has a separate application process.

Q: When does the application open and what is the due date?

A: Organizations may start entering their application in the VDSS NAP database beginning March 15, 2026. The application must be completed with the required attachments and submitted via VDSS NAP database on or before **May 1, 2026, by 5:00 p.m.**

✓ **It is important to enter the application in the database as soon as possible after March 15, 2026. In past years, users reported issues with accessing the NAP database and extremely long delays when waiting until the last day to enter/finalize their application.**

Q: Can our organization receive an extension to submit the application?

A: No. An extension will not be granted. The application must be submitted via VDSS NAP database on or before **May 1, 2026, by 5:00 p.m.**

Q: My organization offers services to higher income clients as well as to those who are low-income with a household income at or below 300% of the federal poverty guidelines. Do we only provide information on our low-income clients?

A: No. The application information must include **all the programs** within the organization and reflect the total operation of the organization, not just one or more programs conducted by the organization.

Q: When will our organization be notified of program eligibility?

A: All organizations will be notified by email during the last week of June. Send an email to nap@dss.virginia.gov if you do not receive an approval/denial email by 5:00 p.m. on July 1, 2026.

Q: I am a new organization to NAP, what will my allocation be?

- A: The office of the VDSS has \$8 million in tax credits.
- ✓ Step 1. The allocation for existing NAP organizations is based on the average amount of tax credits used within the last four years, a minimum of at least \$5,000 or the amount requested, whichever is less.
 - ✓ Step 2. New organizations will receive a minimum of at least \$5,000 if tax credits remain from the \$8 million available funding.
 - ✓ The allocation process may include a determination of the reasonableness of requests, caps, and percentage reductions in order to stay within the total available funding.
 - ✓ In any year in which the available amount of tax credits exceeds the previous year's available amount, at least 10% of the excess amount shall be allocated to approved organizations that did not receive any allocations in the preceding year.

Q: Our organization has tax credits remaining from a previous fiscal year. Will our allocation be reduced for the upcoming fiscal year?

- A: The allocation is based on the average usage of tax credits within the last four years or less depending on how many years the organization has been in the VDSS NAP program. A lower average usage will have an impact on the allocation for the upcoming fiscal year.
- ✓ Completed donations entered in the NAP database by June 15, 2026, will be included in the allocation calculation for the FY 2026 - 2027 program period.
 - ✓ Completed donations entered after June 15, 2026, will not be included in the allocation calculation until the 2027 – 2028 fiscal year cycle.
 - ✓ Do not enter a donation into the NAP database unless all the required documentation is completed and available to upload.

Q: The purpose of our organization is to provide financial assistance to other organizations. We do not offer direct client services. Will our organization qualify for NAP?

- A: The organization must provide direct client services to qualify for NAP. However, the 501(c) (3) (4) non-profit that receives funding from your organization may apply for the NAP program. The applicant organization must meet the eligibility criteria to be approved for NAP.

Q: Our agency provides direct services to our population. However, we also provide community education at health fairs and hand out program brochures. We spend approximately five percent of our revenue each year providing community education. Our direct service clients have a household income under 300% of the federal poverty guidelines. Do we need to count our health fair participants?

- A: Many organizations hand out flyers to educate the community; those clients do not need to be counted. All clients must be counted if they are participating in a program, such as attending educational classes. However, at least 50 percent of the clients served must be low-income (clients with a household income at or below 300% of the federal poverty guidelines) and at least 50 percent of the revenue must be used to provide services directly to low-income clients.

Q: How do we count the number of clients served? Our organization has clients that receive services in multiple programs.

- A: If an individual received more than one type of service, only count the person once – this an unduplicated count.

Q: Do we count households or individuals?

- A: The total number of clients served is based on the individual receiving services. However, the household income and total number of people in the household is used to determine the low-income threshold. The federal poverty guidelines chart is used to determine the income level for the household.

Q: We are an adoption agency and a significant number of those we serve are children and youth in foster care. I assume they would be considered low-income. They are not part of a family.

A: The organization must include any income that is received for the foster child. The foster child is counted individually, and the household income is not considered.
